Assessment session	Every program begins and ends with an assessment to determine the starting health level and to monitor the progress. It provides the client and practitioner with extensive data in order to choose the best approach to the client's wishes and concerns.	Duration 2 +hours, includes wellness consulting and report
Quantum Biofeedback session	Includes at least a 15 min of consulting time before and after the session. An additional consulting time is available for extra charge. During the consultation, we will discuss the best changes or adjustments to the client's lifestyle, including supplements, nutrition, physical activities, stress reduction techniques, etc.	Duration 1,5 hour
Eternale Beauty session	Is specially designed rejuvenation program for the INDIGO device. Its main focus is on improving physical appearance through reducing specific stressor related to beauty and aging.	Duration 1hr
Scalar Laser sessions	Could be offered separately or as an addition to any of mentioned above services. When offered on its own it is accompanied with wellness consulting for 15 min before and after the session.	Duration 1,5 hour
Wellness Consulting	Is focused on addressing current client's concerns and discussing the session results. According to the clients wellness report recommendations will be made explaining how to address the major imbalances and stressors affecting client's body.	Duration 30 min
